CONSULTING

## Head of Marine Insurance (m/f/d)

Are you passionate about the **shipping industry**?  
Are you an expert in **marine insurance** and interested to be part of a truly **global business**?  
Then, this opportunity with a **leading shipping line** located in **Singapore** is made  
**for you!**

Shipping business is fast paced, energetic and important for the world economy. Risk mitigation and proper protection contributes to a safe and environmentally friendly ocean transport. Professional claims handling in the interest of parties concerned is of utmost importance. This requires a passion for the maritime industry, marine insurance expertise, commercial sense, negotiation skills and basic legal knowledge. Skills and expertise you bring along?

To strengthen the insurance team we are seeking a **Head of Marine Insurance** for one of the leading shipping lines in the container and MPP segment operating out of **Singapore**.

You can expect an interesting and challenging role with a high level of independency and responsibility in a professional, friendly, multicultural and modern working environment. A lean organization ensures quick decision-making processes; a structured onboarding process is common and part of the overall HR policy.

### Your job responsibilities:

- Manage all marine insurance claims including Hull & Marine, Crew, Cargo, P&I claims and related
- Provide thought leadership, recommendations, strategies and procedures to Management and stakeholders in approaches to marine insurance claims and coverage
- Partner with stakeholders, including commercial team to handle and resolve marine claims matters and disputes
- Lead P&I initiatives and continuous improvement in claims processing and procedures, including collaboration with stakeholders on awareness and training on marine insurance exposure and mitigation of risks, automation and or digitalization of claims process and documentations
- Effective negotiation and renewal of marine insurance
- Provide guidance to team on marine insurance claims procedures and approaches, including ensuring team comply with cases window period, proper documentations, appointment of surveyor / third party investigators, interpretations of policy / contract / claims clauses
- Effective supervision and development of the team of marine professional to ensure smooth operations of claims matters
- Assist with any other works as assigned by supervisors

### What you bring along:

- Degree with at least 15 years relevant experience in a global firm, with a ship owner / ship management firm
- Strong work knowledge in managing complex maritime claims and incidents
- Prior experience as Master Mariner will be advantageous
- Hands-on person with strong stakeholders management and negotiation skills
- Proven leadership skills, resilient, possesses a sense of urgency and work well under demanding timeline
- Highly adaptable and self-driven
- Role will involve commitment beyond official hours at times due to job nature

### What you can expect:

- An interesting role with a high level of independency and responsibility
- A lean organization with quick decision making processes and a professional and friendly team
- A structured onboarding and training process
- A modern working environment in the thriving maritime hub Singapore
- A competitive salary
