

Marine Superintendent (Dy. DPA/Dy. CSO) – (m/f/d) **Ship Management Company, Hamburg**

Our client is a Hamburg based shipping group with an ambitious fleet expansion strategy for all segments, i.e. containerships, tankers, MPP and bulk carriers. The Group offers technical ship management as well as other services as part of the value chain.

The management team consists of seasoned business experts who believe in safety of people and ships, Transparency towards their customers on financial and operational matters, asset protection for the customers to take advantage of the market, and reliability in performance.

To cater for the fleet expansion and to strengthen the marine department in Hamburg we are seeking a candidate who meets the company's values and matches the following profile:

Your responsibilities

- Act as Deputy DPA and Deputy CSO in accordance with relevant standards for the assigned fleet.
- Play an active role in the continuous development, implementation and supervision of the management system
- Follow up on incidents, audits and inspection findings with ship's command / company stakeholders and propose preventive actions for adverse trends
- Review and support the process of shipboard risk management
- Conduct audits on board vessels
- Lead and contribute to incident investigations and deliver formal investigation reports
- Work in close cooperation with technical superintendent and direct superior to continuously improve fleet safety and audit & inspections performance
- Be responsible for the preparation and distribution of regular company Marine Assurance & Loss Prevention reporting to the fleet and stakeholders
- Be a member of an Emergency Response Team
- Contribute in the strategic work of the Marine Assurance & Loss Prevention Department
- Provide nautical and cargo expertise to the fleet and internal/external stakeholders.

Your profile

- Seagoing experience as master or senior nautical officer, preferably on container vessels, bulk carriers or tanker's
- Liquid cargo experience is an added benefit
- Having held a similar shore-based position/ship management related position e.g. QHSE, Marine Superintendent is an advantage
- Very good analytical, problem solving, time management, project management and decision-making skills
- Proficient at user-level with Microsoft suite applications and computer skills.
- Self-motivated and ability to work well under time pressure with willingness to travel to vessels
- Demonstrates teamwork, interpersonal and communication skills in written and spoken English

Our client offers

- An interesting role with a high level of independency and responsibility
- A lean organization with quick decision making processes
- A structured onboarding process
- A modern working environment in the center of Hamburg
- A competitive salary and Fringe benefits
