

Port Captain (m/f/d)

Ship Company and vessel operator - Dry Bulk, MPP, Tanker

Worklocations: USA and India

Our client provides shipping services and maritime supply chain solutions for customers across the globe. They operate a diversified fleet of Bulk Carriers, Multipurpose Vessels and Tankers to move and deliver a wide range of bulk and specialised cargoes for the commodities, energy and industrial markets.

The company was established in Asia in the early 70s of the last century and has since grown into a leading shipping operator and player in the maritime industry, aiming at being the first-choice maritime logistics partner for their customers.

To cater for their expansion plans, they are seeking a Port Captain with dry Bulk and MPP experience, based in the USA and India to take up the following tasks and responsibilities in their respective regions:

Tasks and Responsibilities:

- Commercially operate the fleet safely and cost effectively.
- Prepare and execute stowage plans for various cargoes, safely and efficiently.
- Track and manage voyage performance efficiently, ensuring best practices are adopted.
- Demonstrate a strong understanding in Breakbulk, Bulk & Project cargoes.
- Manage Port Operations, steering stevedores to achieve desired results.
- Randomly inspect ships and Port Operations to ensure compliance with Company policy and standards
- Ensure that HSEQ directives are followed on the operational front.
- Manage and analyse voyage costings and derive value through meaningful savings.
- Manage Stevedores and Port vendors to ensure smooth operations.
- Reviewing cargo stowage and optimizing cargo lifting, loading & unloading sequences
- Monitoring hold cleaning plans; including supply of chemicals and supervisors, manage time and cost and use technology to bring about savings.
- Planning bunker supplies and co-ordination with bunker suppliers
- Liaising with the P&I clubs, legal teams to resolve disputes

Your profile

- Bachelor degree in Maritime
- Experience as master or chief mate of bulk carriers and MPP vessels
- Needs to work closely with agents, stevedores and terminals
- Vessel/Stowage planning experience
- Excellent organizational skills
- Excellent communications skills in English
- Familiar with softwares IMOS and Softmar
- Building and maintaining long term relationship

Our client offers

- An interesting role with a high level of independency and responsibility
- A lean organization with quick decision making processes and a professional and friendly team
- Home office is an option
- Willingness to travel
- A structured onboarding and training process
- A competitive, performance related salary as well as benefits
