

Technical Superintendent (m/f/d) – Cruise Vessels International Ship Management Company, Hamburg

Our client is a **leading global maritime service provider**, specializing in the outsourced **technical management** of high value maritime assets and the provision of a wide-range of supporting technical, workforce and commercial services for cruise vessels. They are looking for **ambitious people** with an **international mindset**, who have the **energy and determination** to **take initiative** and to drive their **cruise activities** forward .

To strengthen the Cruise Vessel team in **Hamburg** we are seeking a **Technical Superintendent** with **Cruise vessel experience** who matches the following profile:

Your responsibilities

- Build and maintain a professional and effective working relationship with senior ships staff and all shore-based departments
- Assume responsibility for the efficient, effective and technically sound operation of the assigned ships
- Work as a member of the ship management team
- Operate to company procedures and best ship management practices whilst giving absolute regard to safety of life at sea and protection of the environment at all times
- Plan, control and execute all activities connected to maintenance, repairs, dry-docking, conversion or modification of vessels, class and certificate requirements
- Liaise with the relevant authorities
- Maintain strict control of vessel expenditure and budgets and approve purchases
- Prepare technical reports to owners in compliance with the management agreement
- Ensure and monitor energy-efficient vessel performance

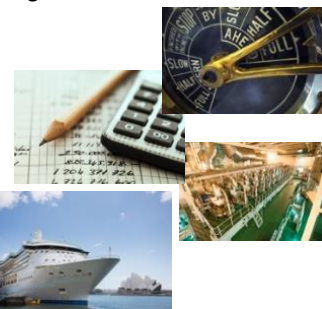

- Visit the assigned vessels regularly
- Promote a strong safety culture and environmental & energy awareness on board of the assigned fleet

Your profile

- You hold a college or university degree in marine engineering or equivalent education
- You have served a minimum of two years in the rank of a Chief Engineer on board of cruise vessels or
- you have worked as a technical superintendent responsible for cruise vessels
- You possess a broad knowledge on international rules and regulations as well as industry guidelines and recommendations
- You are a good communicator and enjoy working in a team
- You possess leadership as well as planning, organisational, purchasing and budgeting skills
- You are self-motivated, creative, result oriented and taking initiative
- Computer literacy is essential
- You are fluent in English

Our client offers

- A diverse and challenging work in an emerging company within the Cruise industry
- An interesting role with a high level of independency and responsibility
- A professional, friendly and highly motivated international team
- A lean organization with quick decision-making processes
- A pleasant and modern working environment
- Working in the thriving city of Hamburg
